

together with the federal standards. Isn't that correct?

SENATOR WESELY: I'm sorry, Senator Hannibal is making comments here. Could you repeat that again?

SENATOR SIECK: This is to comply with federal standards as far as the mobile home.

SENATOR WESELY: Yes, absolutely, absolutely.

SENATOR SIECK: There is one section in there that says you could fine up to a million dollars. That seems a lot of money for one organization. It is on page 15.

SENATOR WESELY: I guess it is all federal.

SENATOR SIECK: That is because of federal law.

SENATOR WESELY: Yes.

SENATOR SIECK: Does this also include used mobile homes?

SENATOR WESELY: Excuse me.

SENATOR SIECK: Used mobile homes, the homes that have been out in the field and be resold as used homes.

SENATOR WESELY: Yes, it does use used...they are covered under used. Used are covered depending upon resale.

SENATOR SIECK: And they have to comply with the federal standards, in other words?

SENATOR WESELY: Yes, when they are resold.

SENATOR SIECK: When they are sold.

SENATOR WESELY: Yes, but not otherwise. Again, it is a federal standard.

SENATOR SIECK: As long as...as long as they are stationed at a place before this law came into effect there is no problem.

SENATOR WESELY: Yes, you are okay, uh huh.
